

Here at **Network Construction Services (NCS)** we are proud to have developed a culture where we **Never Compromises Standards (NCS)** and have unequivocally committed to our vision to...

*“Make a ‘significant positive difference’ to our clients and candidates by **Never Compromising Safety and Never Compromising Standards** and work tirelessly to deliver on our promises, get it right first time and building long-term partnerships with enlightened customers*”

As part of our commitment and obligation when working in the rail industry, we have subscribed and support CIRAS.

There mission has been the same since 1996 – to listen to your health, wellbeing and safety concerns when you feel you can’t use internal reporting channels, or you have tried without success. We protect your identity and raise your concern with the relevant company for resolution. We keep you in the loop so you know what action has been taken.

Raise a concern

Do you have a health, safety or wellbeing concern about your workplace or another site you have visited? You can contact CIRAS confidentially using the form on there web-page (<https://www.ciras.org.uk>) or via the contact details below.

CIRAS will share your concern with the relevant company, protecting your identity, and let you know the response.
